## SKILLS

**Languages:** Javascript ,Python, HTML5, CSS3

**Frameworks/Tools:** React, Redux, Express.js, Node.js, SocketIO, Flask, SQLAlchemy, SQL, PostgreSQL, AWS S3, Docker, GitHub, git

**Key Skills:** OOP, REST, SCRUM, Kanban

## PROJECTS

**Foodgram** | Built with React, Redux, SocketIO, Python, Flask, SQLAlchemy, Alembic, CSS3, AWS S3, Heroku [Repo](#) | [Live](#)  
*Clone of Instagram*

- Reduced server load times by storing digital assets on AWS S3
- Built a comprehensive search by selecting from the global state with search keywords
- Utilized state management of Redux to directly manage data for simple form inputs and submissions for the user
- Implemented real-time conversations between users with SocketIO's low latency bi-directional communication

**Task Rat** | (*React, Redux, Python, Flask, SQLAlchemy, Alembic, CSS3, AWS S3, Heroku*)

[Repo](#) | [Live](#)

- Pair programmed to increase productivity and accuracy throughout development
- Produced efficient and well-rounded shared user experience by implementing CRUD best practices
- Peer-reviewed 80+ pull requests, supplying effective analysis with engineering team to ensure thoughtful feedback
- Created a uniform design pattern for the engineering team

## EXPERIENCE

**Malone Work Solutions** - *Forklift Operator*

Oct 2020 - Mar 2022

- Created kits, palletized products being shipped, and staged orders on the dock to deliver to customers in a timely manner.
- Unloaded materials from truck trailers using a forklift and pallet jack, accounting to 320000 lbs per day while following all safety protocols.
- Accurately made an average of 3,000 additions to the inventory system and physically moved an average of 4,000 units of inventory a day in a team of 3, using a reach truck.
- Processed over 20 shipments daily using Oracle, created individual packing lists and customer invoices for each shipment, and then placed the shipments onto a pallet for the shipping company to pick up.

**Vanport Warehousing, Inc.** - *Forklift Operator*

July 2019 - Oct 2020

- Unloaded an average of 20 truck trailers onto the dock, per shift, using a forklift
- Worked as a team to put away 100% of the material unloaded during the shift following FIFO best practices, resulting in 100% inventory accuracy.
- Completed forklift certification and operated forklift in a safe and efficient manner

## EDUCATION

**App Academy**

Mar 2022 - Sep 2022

Full-stack web development bootcamp prioritizing software engineering best practices

**College of DuPage** - Glen Ellyn, IL

Aug 2017
